

Notice of Allowance dated June 29, 2006

REMARKS

This is an amendment after allowance under 37 C.F.R. §1.312.

By this amendment, only dependent claims 7 and 9 are changed from the form in which all of claims 1-9 were allowed.

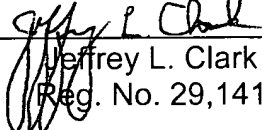

The amendment to claim 7 merely corrects an erroneous identification of the "second" path to the correct identification as the "first" path. It is clear from base claim 1 that it is the first path which runs from the fresh air input to the fresh air output, and which includes the secondary blower, as otherwise recited in claim 7.

The amendment to claim 9 merely corrects the grammar of claim 9.

It is submitted that the claims should proceed to issuance in the attached form.

Respectfully submitted,

WOOD, PHILLIPS, KATZ,
CLARK & MORTIMER
